

**DETAILED BIO FOR**

# **Mignonne C. Mary, M.D.**

Founder & Medical Director | The Remedy Room

**INTERNAL MEDICINE  
INTEGRATIVE MEDICINE  
INFUSION THERAPY**

**EVIDENCE-BASED CARE | WHOLE-PERSON HEALING**

# A Legacy Rooted in Medicine

## Clinical Training, Experience, and Purpose

Dr. Mignonne Mary, M.D., is a second-generation physician whose approach to medicine is grounded in rigorous clinical training and decades of real-world experience. She earned her medical degree from LSU Medical School in New Orleans and completed her residency in Internal Medicine at Charity Hospital, one of the region's most demanding training environments.

In practice since 2001, Dr. Mary has devoted her career to caring for patients with complex, chronic, and metabolic conditions. Her work emphasizes long-term health, prevention, and recovery, combining evidence-based internal medicine with a deeper understanding of nutrition, inflammation, and metabolic balance.

# CONTINUING A FAMILY LEGACY IN INTEGRATIVE MEDICINE

## **Detailed Bio – Dr. Mignonne Mary, M.D.**

Dr. Mignonne Mary, M.D., is the founder and Medical Director of The Remedy Room in New Orleans, Louisiana. She graduated from LSU Medical School in New Orleans and completed her residency in Internal Medicine at Charity Hospital. She has been in clinical practice since 2001 and has trained with pioneers in the field of IV Vitamin Therapy and integrative medicine, including Dr. Charles Mary Jr. (her father), Dr. Charles Mary III (her brother), Dr. Ron Hunninghake, Dr. Tom Levy of the Riordan Clinic, Dr. Mitchell Ghen, Dr. Paul Anderson, and Dr. Nayan Patel. The Remedy Room is a continuation of the medical legacy of her father, Dr. Charles C. Mary, Jr., a pioneer in the field of IV Vitamin Therapy. Dr. Charles Mary, Jr. became the Director of Charity Hospital at the young age of 33 and later went on to open the prestigious Mary Medical Clinic of New Orleans. He was also one of the first physicians in the United States to successfully introduce High-Dose IV Vitamin C, nutritional therapy, and complementary medicine in both hospital and outpatient settings.

Dr. Charles Mary was at the forefront of using High-Dose IV Vitamin C for conditions including sepsis, Epstein-Barr virus (EBV), hepatitis, and cancer, and in 1990, he healed his own colorectal cancer using High-Dose IV Vitamin C.

Dr. Mignonne Mary continues to expand the reach of the Mary family's approach to wellness, disease prevention, and recovery. Her passion for the benefits of infusion therapy began with her father and has continued to evolve through years of her own clinical practice and ongoing education. Today, Dr. Mary's clinics focus on treating the whole person rather than just symptoms, with a strong emphasis on health promotion and disease prevention.

The Mary family's innovative approach to wellness and recovery has changed thousands of lives and continues to grow each year. Dr. Mignonne Mary currently practices Internal Medicine at The Remedy Room, with an emphasis on nutrition, returning to nature, and integrative medicine, drawing from the best that every field of medical thought has to offer.
